

OFFICE OF THE KARIMGANJ ZILLA PARISHAD KARIMGANJ

DISTRICT REPORT

(Presented in the National Conference on 16th & 17th Oct/2006, Vigyan Bhavan, New Delhi)

The District.

Karimganj district is 2nd smallest district in Assam, It is a small script along Indo- Bangla border occupying strategic location in the North East; vital importance for future international trade center from the North East States. International Trade Center at Sutarkandi will play centrifugal force in the future dev of the district.

The present highlight covers the following aspects.

1. **SGRY&ALLIED PROGRAMME:** - Karimganj is performing PRI district. Performance statement below of all rural Dev. projects taken up by different level PRI. Units. The present DRDA function as facilitating agency only. Besides existing scheme take up such as rural connectivity, fisheries & others social amenities, Jatrafa is listed as new programme from 2006-07 with a magnified approach. Raising six lakhs sapling to be planted in the next year. With initiative of private entrepreneurs at Patharkandi 8 (eight) hector plantation of Jatrafa has been completed by zilla Parishad.

SGRY & ALLIED PROGRAMMES

	Name of Programme	Progress of 2005-06			Progress of 2006-07		
		Target	Achievement	Remarks	Target	Achievement	Remarks
	SGRY*	2655.30	2208.36	84.00%	3319.12	1502.83	45%
	SGSY	467.80	389.48	83.25	138.55	118.55	85%
	IAY	732.49	352.33	--	420.35	420.35	100%

* Total Mandates Generating - 31.39 Lakhs 2005-06 & 12.88 Lakhs 2006-07.

2. **Sitalpatty :-** an Indigieons local village industry has the district base. Local production needs special attention and encouragement of this activity would increase rural empowerment and employment avenue.

3. **Sajaldhara AND TSC:-** The district is one of the best performing district is one of the best performing district of the state of Assam investment of the PRI by line deptt will enhance good need be remove and necessary installation for batter co-ordination to state ground

iii) RSM	3 Nos	1 Nos	2Nos carry over	2 Nos	--	

- Note** 1) Spot sources are in high demand; but due to arsenic presence in ground water source, the demands are withheld.
2) Traditional PWSS are doing well & highly applause at viable places.
3) Renovation of defunct scheme with treatment plants are in thinks introduce are in things.
4) 10 Nos of G.P.s will attain 100% Sanitation programe. Proposal for Nirmal Puraskar Award under process.

4. **PMGSY:-** Performance of PMGSY in the district is not encouraging. Selection of scheme is entrusted to Zilla Parishad; follow up action are taken by deptt. as per departmental norms and results are not forth coming. Suitable modification for smooth implementation of the programme is essential (The following statement indicate district performance as an date)

PMGSY WORKSFOR 2005-06

Sl No	Financial Target (Rs In Lakh)	Physical Target (In Km)	Financial Achievement (Rs In Lakh)	Physical Achievement (In Km)
11	Rs 1939.35	40.294	Rs 67.92	5.595
36	Not available	107.83 Km	Not available	nil

5. **RURAL ELECTRIFICATION:** - The district, though strategically located at international border, remain very poor in rural electrification. Attempts made to activate non-conventional energy including solar light could not take off so far due to Administrative hurdles. It is administrative hurdles .It is inform by state nodal office that solar light programme can be extended only at villages notified by state electricity board as non covered villager; such up dated list has not been made available. Necessary relaxation from ministry of non conversional energy sources (MNOES) is solicited.

6. **Suggestions :-** The district planning committee (D.P.C.) being activate, would improve above basic services programme cited above if executive instruction are issued for taking up modify guidelines made for each programme cited above. Mandatory provision for taking importing district panchayat in decision making and monitoring of such programmes will improve performance much beater than what in list to day.
